THE TIMES.

A. H. CLEMENT EDITOR.

WEDNESDAY, SEP. 26, 1906.

Why not send Sec'ty. Taft to look into Russian affairs as well as Cuban?

Judge Wm. H. Mann will address the voters of Buckingham at the courthouse on October 9th, Court day.

Now that the laborers on the Jamestown Exposition grounds have gone to striking, we are more than ever convinced that the gates won't open in 1907.

Whenever Wall Street gamblers get into trouble the U. S. treasury rushes to their relief. Why not come to the relief of the farmers when they get in financial straits?

We don't know what's wrong with the Lynchburg jail or jailor, but the escape of those prisoners charged with high crime, has a tendency to encourage resort to the court of Judge Lynch.

The summer has passed, but there has been no dull season in Richmond thus far in 1906.—Times-Dispatch

And won't be as long as mosquitoes fill the air and mud the water.

"We are getting along very well in the South with our restrictive suffrage" says the Times-Dispatch, and if the teachings of our contemporary had been listened to, this "very well" condition would not have come to us.

"As for me and my house," said an earnest brother the other day, "Mr. Roosevelt and his friends may spell just as they please, provided the same privilege is granted us." "Go as you please" would be rather comfortable for most of us.

"Sand in the craw" has a new meaning to me since a recent experience on one of our railway trains, on a rainy evening, when the sand gave out. It was simply provoking to know how that engine would slip and slip and not 'slide along.'

The 4th of March, we are told, was selected as inauguration day because it rarely falls on Sunday, having done so but three times in our history, 1821, 1849 and 1877. But why not select the 2nd Wednesday in May and that will never fall on Sunday? It is criminal to stick to the old and deadly day.

They tell us that the world is improving but sisters: "In the fourteenth century two cents would buy a pair of chickens, and a nickel for a goose fit to grace any Christmas dinner-table, and a penny would purchase a dozen new-laid eggs, while for two cents the brewer was compelled by law to sell three gallons of beer, the equivalent of 48 glasses." "Backward turn backward O, time in thy flight."

"PROSPERITY."

The Republican party has but one hope of retainining power and that is based on the "prosperity" dodge. They tell us that things are humming and all men are prospering. This is half truth and half lie. Things are humming and all the world is hurried, but that all men are prospering is absolutely untrue. Go to the average merchant and he will tell you that while he is selling more goods than ever before he is making no profits. The same is true of the miner, manufacturer and farmer, while the professional men are often put to it to pay their licenses. This is'nt pessimism but a plain statement of every day facts, and while these things are so Wall Street is so hopelessly in debt that the Secretary of the U. S treasury has gone to its relief. Campaign contributions in contrast are a petty larceny to grand larceny.

You can't "down a working man" and so long as there are working men in the land, "something will be doing" in the country, but that there is wide-spread prosperity in this our day, is far from the truth to say that the principles of the Republican party make any contribution to the degree of prosperity we do enjoy.

People were never made rich by being robbed, and so long as the "robber tariff" is tolerated just so long will the fleecing go on. We have the remedy, and it is with the people. Will they use it?

Buckingham.

And now the staid old town of Howardsville is to have a bridge, and strange as it may seem the promoters of the scheme do not ask Buckingham county to pay for it, but propose to build a tall bridge, the money to be furnished by a joint stock company, of which these are directors: Gen. T. M. Logan, Messrs. J. F. Alexander, F. H. McCulloch, J. K. Irving and Dr. Chas. McCulloch. Messrs. F. E. Nolting, J. K. Irving, and Dr. McCulloch are the building committee, who will advertise for bids at once. With a bridge at Wingina, Howardsville, Scottsville, and New Canton the "noble Jeems" can be crossed even when the water is high.

Dr. H. O. Forbes, of Jetersville (a son of the late P. A Forbes) broke his arm while playing base ball and to be taken to Richmond for treatment. He suffered from what he thought was rheumatism and was unable to walk.

Mr. Alexander Forbes, of Philadelphia, visited his old home here last week.

Mr. John E. Tapscott, in coming home from Scottsville, went to a negro's place to get out of the rain storm and in moving a buggy out of an old shed, a prop was knocked from under the shed and he was badly hurt and would probably have lost his life but the top of the buggy caught a part of the weight, as it was, he lost consciousness and there was much delay in getting him out as the high wind went out several times before the negroes who lived at the place could see how to extricate his body. Mr. Tapscott is a brother-in-law of Mr. M. L. A. Moseley.

The High School had 40 scholars the first week and as soon as farmers can finish housing tobacco there will be a lot more to come.

Mr. R. A. Hall and Miss Pocahontas Gantt were married in Richmond last week and will live at "Perry Hill." Miss Mary Glover went down with the bride-to-be and was accompanied home by Miss Sallie Gantt a sister of the bride. Mr. Hall is a young business man of ability, is of such a genial pleasant disposition that he wins friends wherever he is known, and his bride is one of those energetic girls, who has won her way in the world by unusual energy and force of character and a desire to be independent, she, although an orphan, worked diligently at her studies until she was prepared to teach school, which she has done successfully for several sessions. Both bride and groom are descended from the best families in Virginia and we hope for them that success and happiness in life which true merit deserves and we hope they may make their permanent home in our midst.

Rev. Mr. Barrell preached last Sunday from Matthew 9-37—"The harvest truly is plenteous but the laborers are few. Pray ye therefore the Lord of the harvest that He will send forth laborers into His harvest." In fitting terms did the speaker allude to the scarcity of labor prevailing today, and describe the loss which is the result of want of labor to save the crops "but," said he, "of how much more importance is it that work should be done so that men should not lose their souls."

Owing to some dissatisfaction or disagreement between the management of Memorial hospital at Richmond and one of the classes being trained there as nurses, nearly all the girls in one class recently resigned and will complete the course at other training schools.

Maysville School Board met on the 22nd and appointed Miss Annette Allen as teacher for Shaw's Mill School and Miss Sallie Rice of Charlotte for Ma'one School. The State Superintendent has made some rules that are causing delay and entailing much extra work on the division superintendents and on district clerks; for instance monthly accounts must be rendered of all money paid on teachers' salaries. No contract for the purchase of school furniture is to be made until approved by the State Superintendent. The new buildings to be erected must be by plans that the State Superintendent will approve. Teachers' salaries must be paid from the time they begin to teach to the end of that month, as I continuing, must be paid by warrant for each calendar month, this last will simplify matters.

The statement in this paper that first class, dressed flooring and ceiling was selling for $33 per 1000 feet caused surprise even among timber men here, and some enterprising man should start a planing mill here, as rough timber is only sell ng for $12 at the mills.

Corrected.

Surveyor, J. H. Robertson desires to correct the impression which has gone out that he will spend the winter away from his Buckingham home. His job in Norfolk is only temporary and he will accept surveying now in his home county and elsewhere.

Enonville.

The Rev. Mr. Johnson will preach his farewell sermon at Enon on the 2nd Sunday night in October. We are sorry to give him up and our best wishes follow him to other fields of labor.

Mrs. Annie Ranson is quite ill, Dr. Nowlin is attending her.

Messrs. Edgar, John, Ivan and Willie Price left last week for Kanawha Falls, W. Va

Mrs. Godsey and children have returned to their home in Petersburg.

Mrs. S. P. Price left today for a weeks visit to relatives and friends in Richmond accompanied by her daughters Misses Nora, Lillie and Ruby. Miss Nora has accepted a position and will remain there.

Mrs. William Robertson and daughter Jenett, returned from Baltimore, last Tuesday accompanied by her son Whitcomb of Cumberland, Md.

News has been received that Mr. Emmett Gillespie formerly of this place, now of Cincinnati Ohio, is ill of malaria fever. We are indeed sorry and hope he will soon recover.

Our school commences Oct 1st.

Messrs I. W. and S. Gunter are building a dwelling house at Enonville.

Mr. Tom Doody, returned from Lynchburg, Wednesday. He has been attending Federal Court.

We are glad to hear that Mr. R. M. Anderson is improving under the care of Dr. Nowlin. Dr. Anderson of Farmville, was also with him last week.

Two young gentlemen recently arrived in our neighborhood. One at the home of Mr. A. E. Coleman on September the 8th, and one at Mr. Shirlby Dowly's September 14th.

Our farmers are about through cutting tobacco.

Mr. S. P. Price has built a nice new barn.

Miss Wight of Cumberland is visiting Miss Katie Dowdy.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address

WHY A FARMER SHOULD KEEP A BANK ACCOUNT.

Farmers as a rule do not keep books of accounts. Their accounts therefore, on the ledger of a bank will afford them a complete record of all their important transactions, involving the payment or receipt of money. A cancelled check, when returned by the bank, at the end of the month, constitutes the safest receipt one can have for showing the payment of money. Paying a laborer, a store account, or any other bills, with a check drawn on a bank, is safer than using money; because the person receiving the check must endorse it and the check should be preserved as a receipt.

Money deposited in a bank is not so easily or so often "Fooled away" as when carried away in ones pocket. Try the experiment for one year of keeping a bank account and see if it does not pay you.

A large number of the most reliable farmers, in this section, have accounts with us. We are very desirous of having the accounts of farmers on our books and we will be glad to furnish, at any time whatever information we can in regard to the subject of banking.

The persons who open accounts with us we furnish check books free of cost.

When you are in Lynchburg call in and inspect our new banking room.

Mrs Frank Inge died yesterday at her home near Turnes & Turnes mill. She had been a sufferer for many months with a complication of diseases The deceased was about 35 years of age and was a daughter of Turner P Inge She is survived by her husband and two children Funeral this evening and burial at her late home Much sympathy is expressed for the bereaved family

State Senator A. F. Thomas made the farmers a talk here last Saturday night on the subject of trusts and corporations and farmers' organization. Mr. Thomas, after referring to his Appomattox boyhood days launched off and as his subject warmed up he reached the hearts and ears of his old comrades and told them things straight from the shoulder. He urged the people to kick when they did not get the kind of school they were entitled to. He urged them to attend the polls and vote for men who will faithfully represent them. His speech was pronounced a gem and his many friends hope to have him here again sometime.

Two Reasons Why We Grow
Progress is noted in two ways, viz:
1st—The incentive to make provisions for future demands.
2d—The care to make the best possible results of the present.
And so it is today, by such methods,
LYNCHBURG'S GREATER STORE
Stands out as substantial evidence of these two potent factors in commercial upbuilding.
We are never satisfied, no matter how good the service, no matter how splendid the results of our efforts, no matter how superb are the assortments of merchandise offered in our various departments.
We are planning for better conditions, striving to make this store the foremost in the State, and it shall be done only by fair dealing, courteous treatment and prevailing low prices. Thus the tide will swell and the store of yesterday is the better store of today, and on and on till greater things be accomplished, our facilities to serve you the best possible.
